

New Source Review newspaper advertisements for construction permit applications, December 15, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: December 13, December 14, December 15, or December 19, 2005. Public notices are generally published every two weeks. The previous publication of public notices was November 29 – December 1, 2005.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Elmo Greer & Sons, LLC with a mailing address of P.O. Box 730, Loudon, KY 40743. They seek to obtain an air contaminant permit (Division identification number: 07-0135-01/58568) for construction of an Asphalt Plant at 2600 North Highway 25, Jellico, TN 37762. This proposed operation would consist of a five bin cold feed unit, scalping screen, aggregate dryer and drum mixer combination, and a storage silo. Fabric filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. K. McLain is the assigned Division person.

For the Campbell County “Lafollette Press”--published once on or before Thursday, December 15, 2005.

The applicant is Jost International with a mailing address of 5080 West Andrew Johnson Hwy., Greeneville, TN 37743. They seek to obtain an air contaminant permit (Division identification number: 30-0188-01/58696) for construction of a Surface Coating Operation at the same address. This proposed operation would consist of a paint booth. Fabric filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. K. McLain is the assigned Division person.

For the Greene County “Greeneville Sun”--published once on or before Thursday, December 15, 2005.

The applicant is Appalachian Door with a mailing address of 506 Municipal Drive, Jefferson City, TN 37760. They seek to obtain an air contaminant permit (Division identification number: 45-0099-06/58516) for construction of a Surface Coating Operation at the same address. This proposed operation would consist of a paint booth. Fabric filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. K. McLain is the assigned Division person.

For the Jefferson County “Standard-Banner”--published once on or before Thursday, December 15, 2005.

The applicant is Aleris International, Inc. with a mailing address of P.O. Box 187, Loudon, TN 37774. They seek to obtain an air contaminant permit (Division identification number: 53-0079-02/58325) for modification of their Secondary Aluminum Production Operation located at 388 Williamson Drive, Loudon, TN 37774. The proposed modification would consist of adding a third rotary furnace heated by combustion of natural gas to process aluminum scrap and dross along with flux to produce molten aluminum. A lime-injected baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. Steven R. Simpson is the assigned Division person.

For the Loudon County “News-Herald”--published once on or before Monday, December 19, 2005.

The applicant is Container Technologies Industries, LLC with a mailing address of P.O. Box 129, Helenwood, TN 37755. They seek to obtain an air contaminant permit (Division identification number: 76-0081-01/58541) for construction of a Surface Coating Operation at 163 Helenwood Detour Rd., Helenwood, TN 37755. This proposed operation would consist of a paint booth. Fabric filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. K. McLain is the assigned Division person.

For the “Scott County News”--published once on or before Thursday, December 15, 2005.

The applicant is Pelletizing Company, Inc. with a mailing address of 248 Rogers Road, Gordonsville, TN 38563. They seek to obtain an air contaminant permit (Division identification number: 80-0054-01/58640) for modification of their Pelletizing Operation located at the same address. The requested modification would consist of a change in exhaust parameters, with an increase in allowable emissions. A cyclone would be used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

For the Smith County “Carthage Courier”--published once on or before Thursday, December 15, 2005.
